Paddy Thresher

Paddy Thresher Manufacturers, Distributors and Suppliers in Punjab
KSP Paddy Thresher from KS AGROTECH PVT.LTD. is the best Thresher available in the market. This new design of thresher is capable of handling other crops like peas, soya beans, wheat, and other small grains and seed crops. This machine is environment friendly and makes low noise and vibration levels. The thresher is built in such a way that it can be used for maximum threshing within a short span of time with huge accuracy. The machine easily cleans remnant straws and chaffs from the cluster and gives you a pile of the freshly threshed harvest to sell.

Why choose Thresher from KS Agrotech Pvt. Ltd.
KS Group is the pioneer in this field and we have 65+ years of experience in manufacturing threshers for various crops. The enhancement can be run with a tractor delivering power 45 HP or more. It can also be carried to a distant location using high-quality wheels. The speed can be easily adjusted so that you can control the process. There are two blowers in the design that offers ample convenience in the process. This new thresher is the ideal harvest equipment for farmers.
